at Diwan Basel & as distant healing available

Healings (1h/185 Fr.)

The Healings are one hour sessions during which the paqo will track within the client's energy body, looking for any energetic blockages and/or hucha (heavy or dense energy).

Using a variety of techniques, the paqo will support the person's energy body in clearing and releasing these blockages and hucha, and he will also assist with infusing highly refined energy into the client's energy body. Note - a Healing may also include soul retrieval, if the client's energy body indicates that this is needed.

Overall, the paqo assists with balancing the energies within the client's energy body, and with harmonizing his/her energies with the seen and unseen realms. This medicine work can assist the client in experiencing a greater level of health and well-being on all levels of his/her being: physical, emotional, mental, and spiritual.

Inherent within the Initiation is deep cleansing and healing work (similar to the medicine work of the Healing sessions) to support the balancing and harmonizing of energies within the client's energy body.
