KAY PACHA  
SEVEN LAYERS OF THE MIDDLE WORLD

With the Q'ero Paqos Don Mariano & Don Santiago,  
Luis Alejo and Diwan Shaman Spirit

The ancient wisdom of the Andes awakens with rituals and ceremonies to support the energetic transformation of the planet and help us build a harmonious relationship with Pachamama and the universe.

The Q'ero Shamans, Don Mariano and his son Don Santiago invite you from their hearts to this beautiful workshop where you will learn to approach the time that is coming with balance and without fears.

Don Mariano and Don Santiago will show you how to connect with the seven levels of Kay Pacha (=the middle world; the world we are in on this earth; the world of the jaguar):

1. birth
2. growth
3. awakening
4. planting
5. empowerment
6. understanding
7. transformation

The Paqos will explain the processes and rituals associated with each of these processes.

Through the ceremonies, sharing of the ancient wisdom of the Andes, and through concrete exercises, the Paqos will support you in becoming in tune with your spiritual and physical bodies so that you can live with more flow in this world.

Some of the teachings and exercises they will show you include:

- how to connect with the 7 levels of Kay Pacha
- how to take control of your own energy body
- and train it to navigate through the current chaos with intention and consciousness.

Join us for this sacred workshop, as we walk together with great beauty
